SOIRÉE TESTIMONIALS

Soirée 17 - Miami Beach, FL

What a wedding! I am truly at a loss for words! We were at the St. Regis wedding last year and we LOVED Soirée as you know. BUT this weekend it was a whole other thing. I have not been to many weddings recently, BUT I have NEVER, EVER seen anything like this.

They KILLED it! In every way. Every single song, dance etc. the Hora was INSANE...Let's set up a call to talk!

I'm not sure if I ever thanked you properly for helping to make Kimberly's wedding the party of the decade! Soirée was even better than I remembered (and I remembered they were amazing when I saw them in Miami last year!!). EVERYONE was talking about the awesome band and DJ, how great the music was (it all flowed so nicely!!) how talented the singers and music instrument players were, etc etc. The band really made the night!! I just re-watched the video of the father/daughter dance with Adam singing "Sweet Child O' Mine" - he was better than Axl Rose! 😊 It literally brought tears to my eyes. Best night ever. Best music. Fingers crossed I'll have another wedding to plan one of these days.... I know who I will be calling for entertainment! Thanks again for everything!

Laurie (Mother of the Bride)

While everyone was 'blown away' by many parts of the multiple-day wedding extravaganza, the music - Aragon's music - was what folks marveled at the most! It was extraordinary. We knew from the moment we started planning the wedding with Jack and Tara that the music would be the center of it all, and I heard multiple times over the last two days "that was the best event band we've ever heard."

As Claire notes below, to find an amazing group of professionals that can work together so seamlessly is rare, but to have that group welcome to the stage some of our family members the way you did is a different level of star power. While many talented artists might resist having others 'invade' their space, your team welcomed and supported Glen, Mike and Tim when we asked if they could participate on stage - that was really, really gracious of you, and it made an unforgettable evening even more special. And the after-party celebration had the same Aragon signature - quality, connected with the crowd, and flat out fun! Please extend our deepest thanks to all of your colleagues. We hope that some of our friends and family who said "Wait, who ARE these musicians - they're AMAZING?!?" will soon ask to have Soirée and TK front and center at their own weddings and other events - then we'll get to dance and sing with you again and again!!

Soirée & Team Aragon,

I wanted to personally thank you for performing at my wedding! You guys had us on our feet for 3 hours non-stop, and I have heard from multiple people that you are the best wedding band they have ever heard!! You gave us so much energy and completely made the event. Thank you so much for giving me the wedding party of my dreams!

We were having lunch yesterday with some friends talking about last weekend (still coming off the high!), and I realized I never said thank you. A massive THANK YOU to you and everyone involved. Adding the musicians with TK just topped everything off, the band was so incredible and interactive. It was the best choice for the night. Having them come in and out of Saxony was so great. Honestly I can't gush enough. Thank you so much. We both appreciated the whole night. Hopefully we'll get to work together again sometime in the future!!

Saturday night was simply one of the best nights ever. Thank you for providing the best entertainment we could have dreamed possible. I appreciate you allowing me to pop up on stage, and allowing our rock star John to play the guitar. Most of all, Mary and Tom had the time of their lives. Wish I could hear you again. XOXO, much love and gratitude.

Dust is finally settling and I'm finally caught up on sleep, but the music was 20 out of 10 iconic and amazing. Wow wow wow THANK YOU ALL. Beyond Grateful.
